Wed

Stayed after school till 3:00, Diane picked me up - got home around 4 then - (4:15)
Diane was late - told me probably be later because of road construction for next couple weeks.

When got home Anastasia wanted to go to Mt. Washington - after we "talked" for a little about me "borrowing" her clothes. She left then not much later.

Justin called - about 15-20 min after she had left. Said he was in Lenexa - was not at Mt. Washington

Grandma arrived - to pick Anastasia up left when she found out she had ~~left~~ left. I didn't tell her Justin had called

Called my father - told him what Justin told me - I was now a little concerned. He said he would call Diane?

- I think Diane called in between? asked her about getting hair
I called Shirley Moss - see if I could get my hair cut. This was before 6pm that I left to get to Diane picked me up took me home. Said she had driven by Mt. Washington - nobody there.

around 6:30pm was at home preparing to go to Wed prayer meeting. Dad - walked up there
6:50pm Grandma dropped Emma and I off around
8:45pm

☁ - i am pretty sure that was when they called, remember saying, "She's been out there alone for an hour?"

Justin called (Byron was in background) between 8:45 and ~~8:30~~ 8:30 - he told me to call when I heard for Anastasia - he said they had picked her up and were driving, got into a fight and she had gotten out, i asked him when, he wasn't sure - said around 8:30 but wasn't sure, i asked him where he didn't say - I got mad at him, how could he just leave her there - he didn't say, only said have her call me when she gets in

time?

When my dad and Diane got in i didn't tell them he had called. Until Justin called, he talked to my dad - he was upset too that he had left her. I guess i thought Anastasia would be home soon and that if i had told them she might be upset - or that she'd be back before they started worrying.
